

Northeast Medical Equipment Providers Association

ALL IN THIS TOGETHER

The Northeast Medical Equipment Providers Association (NEMEP) was formed in January 2017 through a merger between state associations: New York Medical Equipment Providers Association (NYMEP) and the Jersey Association of Medical Equipment Services (JAMES).

Collectively we have over 30 years of experience in serving companies that provide medical equipment and services to the public.

Recent Accomplishments

- NEMEP frequently met with NYS DOH (Medicaid) and succeeded in changing the drop ship policy to align with Medicare's policy (no more wet signatures)
- NEMEP hired an experienced lobbyist firm and successfully introduced legislation in the NYS House and Senate to set a floor for all Medicaid Managed Care insurers with a goal of stable rates at 100% of the NYS Medicaid fee schedule to protect patient access to care
- NEMEP is working regularly with NJ Medicaid for set call cadence
- NEMEP worked together with industry partners and successfully removed ventilators from Competitive Bidding
- NEMEP recruited signatures to delay Competitive Bidding through the Public Health Emergency
- NEMEP expanded the Board with a balanced regional representation, established state chairs, and considered each product category for improved member engagement

We've been busy working on many issues – Federal and state!

Join NEMEP Today!

We strive to give members a variety of valuable benefits including:

- Timely access to key information
- Exceptional education and networking opportunities
- Customized benefit programs for insurance and merchant services, and
- A powerful and unified voice that is heard at the local, state, and federal levels
