The HME industry is constantly evolving. In the past decade (and more), we have experienced more than our share of legislative, regulatory and operational challenges. But we have survived; many have thrived. Demand for our products and services is at an all-time high; demographics and other indicators suggest this will continue into the long term. Our panel — each of whom will offer different perspectives — is prepared to assess the “S, W, O and T” of the industry in 2022 and beyond.

3:45 pm Value Based Care and its Impact on HME Providers
A Panel Discussion
Miriam Lieber, Lieber Consulting **SPONSOR ACU-SERVE**

Value-based care is increasingly more common in healthcare. HME providers must think strategically about their stake in the overall healthcare picture. Evidence demonstrates a positive association between patient experience and healthcare outcomes, including patient adherence to medical advice and reduced expense such as hospital readmission. In this panel discussion, we will define value and its impact on patient engagement. Learn how data and outcomes contribute to increased customer lifetime value and overall business value in this forward-thinking session.

4:45 pm Authentic Leadership - Ike Isaacson, VGM **SPONSOR VGM**

This discussion is geared towards new, or upcoming, leaders within an organization. We'll discuss some foundational truths about working with people, while turning our focus inward to discover motivation and intentions. Leader vs. Manager, Hang the Mirror, Find YOUR fit and then find YOUR voice, Lead where you are, Check your ego, Set goals globally; motivate individually, Bringing Home to Work, Someone is always watching, Communication is Key and Your people are a reflection of your leadership. Enjoy this dynamic presentation that is sure to inspire you as you walk away with real take aways for improved leadership.
